Summary

As a **Creative Project Manager** and **Content Specialist**, I have **4+ years of experience** delivering creative projects end-to-end for US-based clients across marketing, media, and brand activation — experienced in copywriting, website development, creative design, and video editing. From brief to delivery, I manage the people, the process, and the details so creative work actually ships.

Experience

Project/ Contant Manager | Launchmen

2022 - Present

LaunchMen is a record-setting creative digital marketing team based in San Diego and Denver, specializing in digital product launches and brand activation, driven by the philosophy "Money Loves Speed!"

1. Project Management

- Delivered **100+ projects** end-to-end over 4 years — from kickoff through final delivery — for US clients in finance, health, and advisory sectors
- Managed sales campaigns that yielded **\$100K+ per launch**, coordinating all creative, content, and video deliverables from brief to screen
- Led a cross-functional team of **10+ members** — content specialists, project coordinators, designers, and editors — across simultaneous active projects
- Conducted **QC reviews** on video, content, and design deliverables before every client handoff, maintaining a consistently high standard
- Maintained detailed **project documentation** including SOPs, briefs, meeting notes, revision logs, and status reports
- Served as the **primary liaison** between US-based clients and internal teams — aligning requirements, managing expectations, and keeping communication flowing

2. Content Management

- Analyzed, edited, and QC'd financial and economics scripts for **100+ scripts** of VSL promotions
- Wrote content for **50+ short/ long-form scripts** and social hooks
- Wrote full website content for **3 client websites** — covering all pages including homepage, about, services, and product pages
- Managed daily publishing across **LinkedIn** and **X** for financial publishing clients
- Authored editorial **SOPs** and **10+ style guides** to align writing teams on tone, structure, and quality standards
- Tracked content performance and reported engagement, traffic, and audience growth directly to clients
- Managed content for a **100-slide presentation deck** for the Negotiation Institute (BlueStream) — covering bilingual content in English and Vietnamese

3. Art Direction & Creative Design

- Translated long-form VSL scripts into detailed **visual briefs** for design teams — specifying on-screen elements, graphic sequences, and visual pacing
- Led **visual direction** for VSL production — conducting research, fact-checking claims, and mapping out on-screen visuals (charts, b-roll, text) to brief video editors from script to screen
- Built **2 brands from scratch** — led full brand development for EPLegal (Vietnam & UK law firm) and BlueStreamLegal (negotiation training & legal brand), covering identity, content, website, and all marketing collateral
- Contributed to creative direction across **10+ style guides, presentations, and website UI** for multiple client brands
- Managed **visual direction** for a 100-slide presentation deck for the Negotiation Institute (BlueStream) — covering layout, structure and brand consistency

4. Website Development

- Reviewed website builds delivered by developers — **QA-testing** across devices, flagging bugs, layout breaks, and inconsistencies before client handoff
- Maintained and **updated website** content, visuals, and UI details directly in WordPress and Elementor without needing to go back to the dev for routine post-launch changes
- Be able to **build and deploy fully custom websites** independently using a Figma → Claude → VS Code → GitHub → Netlify workflow with hand-coded HTML, CSS, and JavaScript

Content Curator | HCLTech

2022 - Present

HCLTech is a global technology company that delivers industry-leading capabilities centered around AI, digital, engineering, cloud and software, powered by a broad portfolio of technology services and products.

- Conducted quality checks and curated content from **5+ major Vietnamese publishers** — Tuổi Trẻ, VnExpress, VTC News, Tiền Phong, and others — for the **MNS platform**
- Assessed content credibility, accuracy, relevance, and timeliness by evaluating sources, author authority, and audience alignment
- Organized content into clear, structured formats using categories, tags, and topics to enhance user navigation and engagement
- Awarded "**Quality Ninja**" for excellent performance and consistency in 2025

Copywriter | The Vietnam Group

2020 - 2022

The Vietnam Group is a global partnership that provides supply chain, governmental, and digital services, helping clients navigate the interconnected digital worlds to build trusted relationships as Business Advisors.

- Produced **20+ blog posts** and 5+ newsletters monthly — clear, engaging, and error-free content aligned with brand voice and messaging
- Conducted **keyword research** and applied on-page **SEO** best practices to improve search visibility and organic reach
- Collaborated with clients to define objectives, target audience, and communication tone across multiple concurrent accounts
- Developed and presented creative copy concepts, converting approved ideas into final deliverables on deadline
- Partnered with PR, marketing, and design teams to produce diverse marketing materials — from web copy to campaign collateral

AesirX is a privacy-first technology company offering analytics, consent management, and compliance solutions for businesses operating under GDPR and data protection regulations.

- Researched and wrote **SEO blog posts** on data privacy, consent management, and digital compliance — conducting keyword research and following SEO content structure to improve search visibility
- Wrote and updated **website copy** across multiple pages — ensuring content aligned with brand voice, product messaging, and audience intent
- Created detailed **visual briefs** for social media content — specifying layout, copy, and design direction for carousels, single posts and infographics
- **Proofread** and edited blog content written by other team members, ensuring accuracy, readability, and brand voice consistency before publication

Golden Owl is an ambitious brand with their digital transformation across the globe, leveraging martech, e-commerce and omnichannel solutions to maximize our client's ROI.

- Worked directly with global clients across **Singapore** and **the US** to define project scope, requirements, and objectives
- Identified **potential risks** and **technical issues**, and contributed to developing effective solutions
- Assisted in planning project timelines, managing team goals, and tracking progress updates
- Coordinated team activities and monitored ongoing projects to ensure smooth workflow and timely delivery
- Prepared and reviewed **project documentation**, including proposals, reports, meeting notes, and communications
